Please confirm:

☐ By ordering the signing person accepts the General Terms and Conditions, Privacy Policy and Cancellation Policy of the producing pharmacy and expressly gives consent to the collection, processing and use of aforementioned data. The patients data provided will be used for contract fulfillment and other legitimate business purposes. It will not be disclosed to third parties.

☐ We would like to point out that no studies or in vitro test series have been conducted or are available for the personalized molecule developed (compounded drug according to Section 21 of the German Medicines Act (AMG)). To verify its effectiveness or assess any side effects/risks, we recommend conducting a series of in vitro cell line tests in an independent laboratory, if necessary.
